Professional Skills

- Communication & Team Collaboration
- Problem Solving & Analytical Thinking

Biochemistry & Industrial QA

- Quality Control Testing, Wet Chemistry & Laboratory Analysis
 - NAFDAC/ISO Compliance Awareness, Raw Material Testing & Documentation
-

PROFESSIONAL EXPERIENCE

Accountant

Greenwich Pharmacy and Superstore, Imo State | 2026 – Present

- Prepare weekly and monthly financial performance reports, reconciling daily sales against system records to ensure accurate revenue reporting.
- Audit supplier invoices against inventory and system records before payment release, helping prevent billing errors, duplicate payments, and financial discrepancies.
- Manage end-to-end Accounts Payable within Odoo ERP, tracking vendor balances, outgoing payment schedules, and maintaining accurate purchase ledgers.
- Oversee staff payroll preparation and disbursement, ensuring exact calculations and reconciliation with operational attendance metrics.
- Analyze financial and operational data to identify trends, discrepancies, and opportunities for process improvement.

Inventory Officer / Analyst

Greenwich Pharmacy and Superstore, Imo State | 2024 – 2025

- Managed end-to-end inventory operations including stock receiving, verification, storage updates, and system posting using ERP (Odoo), ensuring high data accuracy and traceability.
 - Performed stock reconciliation (physical vs system counts) and investigated variances, improving inventory accuracy and reducing stock discrepancies.
 - Coordinated internal stock transfers and inter-branch dispatches, ensuring proper documentation and timely movement of goods.
 - Supported inbound stock processing, including checking deliveries against invoices/waybills and updating stock records accordingly.
 - Implemented FIFO/FEFO stock monitoring practices, with focus on identifying and prioritizing fast-moving and near-expiry products to reduce losses.
 - Conducted regular cycle counts and inventory audits, ensuring proper stock visibility and minimizing shrinkage.
 - Maintained structured stock organization and bin-level tracking, improving retrieval speed and operational efficiency.
 - Prepared inventory reports and stock movement summaries using Excel to support operational decision-making and management reporting.
-

PROJECTS

Inventory & Accounting Automation System (Excel) | github.com/NonveUk/inventory-accounting-automation-system

- Building an Excel-based business management system to automate inventory tracking, sales recording, expense management, and Profit & Loss reporting for small businesses.

E-Commerce Analysis (SQL, Power BI) | github.com/NonveUk/olist-ecommerce-analysis

- Analyzed 100,000+ transactions to identify revenue drivers and customer behavior
 - Built interactive Power BI dashboards to visualize KPIs including sales trends, regional demand, and order fulfillment performance.
-

INDUSTRIAL TRAINING EXPERIENCE

Laboratory Assistant – PZ Cussons Nigeria Plc | 6 Months

- Conducted quality control tests and generated data for analysis
 - Collected and organized laboratory data to ensure accuracy and compliance with quality standards
 - Documented results and supported quality assurance processes.
-

EDUCATION

B.Tech Biochemistry

Federal University of Technology, Owerri | 2024

CGPA: 4.3 / 5.0

CERTIFICATIONS

- Data Analytics Essentials – Cisco Networking Academy
- Data Analysis with Python – freeCodeCamp
